

PTi Installation Examples

No	Customer	Project	Product
1	Global power generation customer	On-line fuel gas properties for gas turbine engine control	GasPTi-F
2	Gas infrastructure customer	LNG importation terminals, gas transmission & gas distribution pipelines	GasPTi-F
3	Gas transmission customer	On-line measurement of gas properties	GasPTi
4	Power generation and maintenance customer	On-line fuel gas properties for gas turbine engine control	GasPTi
5	LNG importing/processing customer	Boil off gas monitoring	Gas PTi
6	Testing and certification customer	On-line measurement trial of gas properties	Gas PTi
7	Gas distribution customer	Gas distribution	GasPTi
8	Gas transmission customer	Controlling compressors on high transmission line	Gas PTi
9	Transmission and infrastructure customer	Natural Gas transmission	Gas PTi
10	Specialist glass manufacturer	Natural Gas burner control for glass manufacture	Gas PTi
11	Specialist glass manufacturer	Natural Gas burner control for glass manufacture	Gas PTi
12	LNG industry customer	LNG boil off Gas for marine (on ship) application, ABS approved	Modified Gas PTi
13	Analytics and process customer	Unit for company approval	Gas PTi
14	Natural gas producing customer	Real time gas quality analysis (CV, WI, CO ₂ , N ₂)	GasPT
15	National transmission customer	Compressor site / Flow Weighted Average project	GasPTi
16	Exploration and production customer	Online Wobbe and CV Data	GasPT
17	Global steel manufacturing customer	Furnace control in steel plant	GasPT

NB: List demonstrates a selection of our PTi installations and is not exhaustive.
